

LAWN CARE SCHEDULE

Follow our seasonal guide to keep your lawn vibrant and resilient throughout the year.

SPRING

PREPARE FOR GROWING SEASON

Clean up yard

Clear dead grass & winter foliage

Aerate

Create small holes throughout the lawn

Overseed

Spread new grass seed over existing turf

Fertilize

Kickstart growing season with fertilizer

Weed

Apply a pre-emergent herbicide

Mow

Break out mower every 1-2 weeks

SUMMER

MAINTAIN A HEALTHY LAWN

Mow

Follow a regular mowing schedule

Water

Provide at least 1 inch per week

Weed

Spot treat with post-emergent herbicides

Pest control

Watch for signs of pest infestations

FALL

PREPARE FOR WINTER DORMANCY

Mow

Lower mower height

Fertilize

Use winterizing fertilizer to nourish grass

Overseed

Apply to thin or bare spots in lawn

Rake

Keep lawn clear of fallen leaves

WINTER

PROTECT YOUR DORMANT LAWN

Stay off grass

Avoid foot traffic to prevent damage

Winterize tools

Clean & store lawn equipment properly

Plan for spring

Transition smoothly with a list of projects
